Pet Ear Cleansing Solution

Brand/OEM:

Luoyang Taotao Pet Health Management Co., Ltd.
(OEM/ODM available for packaging, dosage form & formula).

Dosage&Administration:

- Shake the bottle well before use.
- For routine earmaintenance: 1-2 times per week.
- ① Fill the ear canal completely with the cleansing solution.
- ② Gently massage the base of the ear for 1-2 minutes.
- ③ Allow the pet to shake its head freely to expel loosened debris.
- ④ Use a cotton ball/swab moistened with solution to clean the outer ear (pinna) as needed.

Cleans Ears &
Removes Ear Debris

Antibacterial, Antitch | Ear
Mite & Inflammation Protection

Daily Care Supplements

Product Highlights (Selling Points):

- Formulated for gentle yet effective ear canal cleansing in dogs and cats.
- Maintains a healthy ear environment and helps prevent ear mites and otitis (ear infections).
- Pet-friendly pH-balanced formula perfectly matches the natural pH of pet ear canals.
- Enriched with natural plant essential oils (peppermint oil, Houttuynia cordata oil) for comfort during cleaning—cool, refreshing, non-greasy, like an ear spa.
- Removes wax, debris & excess moisture without irritation.

Key Ingredients:

Lactic acid, Citric acid, Anionic surfactant,
Mentha extract (peppermint), Lysozyme, Squalane.

Available Dosage Forms:

Topical liquid (earwash).

Company Advantages:

Luoyang Taotao Pet Health Management Co., Ltd. is an affiliate of Luoyang Meibei Biotechnology Co., Ltd., established for nearly 20 years (since 2007). We specialize in pet pharmaceuticals, health supplements, and nutritional products. Our core differentiation lies in TCM-based formulas targeting specific organs or body systems (heart, liver, urinary tract, eyes, skin, blood lipids, immunity, digestion, joints, etc.). We supply to over 3,000 pet stores and veterinary clinics across China, trusted by distributors, vets, and pet owners for product safety, efficacy, and palatability.

Applications (Indications):

- Routine ear hygiene for all dogs and cats (weekly maintenance).
- Pets prone to ear wax buildup, foul odor, or excessive head shaking.
- Breeds with floppy or hairy ears (e.g., Cocker Spaniel, Poodle, Shih Tzu, Scottish Fold) requiring frequent cleaning.
- Outdoor or swimming pets exposed to moisture & debris.
- Early prevention of ear mites & bacterial/yeast infections.
- Pets with sensitive ears that react poorly to harsh chemical cleansers.

Trade Terms:

Item	Details
MOQ	500 pieces MOQ is flexible and can be negotiated.

Delivery Time	- In-stock products: 10-20 days after payment. - Customized products: Varies based on specific requirements (negotiable)

Pet Oral Repair Spray

Brand/OEM:

Luoyang Taotao Pet Health Management Co., Ltd.
(OEM/ODM available for packaging, dosage form & formula).

Dosage&Administration:

Spray the solution directly into the oral cavity.
· Standard dose: 6-8 sprays per application, 2-3 times daily.
· May be increased in severe cases as needed.
· Alternatively, spray onto a small amount of food or drinking water for administration.

Available Dosage Forms:

Oral spray.

Restore the
oral environment

Relieve periodontal
discomfort

Inhibit bacterial &
viral replication

Product Highlights (Selling Points):

- Relieves discomfort caused by oral mucosal and periodontal issues (stomatitis, ulcers, erosion, redness/swelling, bad breath).
- Improves overall oral environment; suitable for use before and after dental procedures.
- Features advanced dioctahedral microgel film technology - forms a protective film over oral lesions after spraying, evenly covering affected areas, isolating bacteria & viruses.
- Accelerates healing of oral mucosa and shortens the disease course.
- Alcohol-free, non-irritating formula safe for pets.
- Removes wax, debris & excess moisture without irritation.

Key Ingredients:

Thiamine hydrochloride (Vitamin B1), Lysozyme, Vitamin C, Oligochitosan, Vitamin K1, and others.

Company Advantages:

Luoyang Taotao Pet Health Management Co., Ltd. is an affiliate of Luoyang Meibei Biotechnology Co., Ltd., established for nearly 20 years (since 2007). We specialize in pet pharmaceuticals, health supplements, and nutritional products.
